

# René Lajvort

fullstack web developer

## About me

I've been into programming ever since my childhood, and since 2021, I've been able to use it professionally. I try to keep up to date with new technologies to the best of my ability.

I'm mainly looking for Medior fullstack and frontend jobs.

## Experience

**WebOrigo** since 2021  
Laravel/Vue fullstack developer

## Personal projects

### TFT Item Helper

Provides help for the video game called **Teamfight Tactics**.

It ranks the builds created by the user, using their selected items.

Available at [tft.renkee.eu](http://tft.renkee.eu).

### Movie List

An incomplete iMDB clone, which I've created with a friend of mine.

Available at [movielist.renkee.eu](http://movielist.renkee.eu).
